

Facilitates Seamless Movement of Essential/Non-Essential Goods Across Multiple International Borders No Cross Border Checks

**A big boon for Indian exporters/importers
Accessible to more than 62 member countries**

What is UN TIR Carnet?

UN TIR Carnet is an international transport document that allows the transport of goods from the customs office of departure to the customs office of destination under the TIR procedure, defined by the TIR Convention. It is the universal customs transit system based on a UN Convention implemented at global level in Public-Private Partnership for moving goods across international borders without any additional checks. Supporting trade and development for more than 60 years, TIR is governed by the United Nations TIR Convention, overseen by the United Nations Economic Commission (UNECE), and managed by the International Road Transport (IRU). TIR stands for "Transports Internationaux Routiers".

FICCI has been appointed by the Central Board of Indirect Taxes & Customs (CBIC) as Sole National Issuing & Guaranteeing Association (NIGA) for the operation of UN TIR system in India like ATA Carnet.

How would it benefit?

- Removes cross-border barriers and facilitates seamless movement of goods by road or multimodal.
- Set to boost trade connectivity between India, Europe, Central Asia & CIS countries.
- Will Help India to move cargo along the Chabahar and International North-South Transport Corridor (INSTC).
- Complaint with the World Customs Organization SAFE Framework.

How it Works?

- Acts as International Guarantee by eliminating customs duties and taxes in the countries of transit and provides a robust guarantee mechanism, thereby reducing trade transaction costs, and facilitating higher growth or intra-regional and inter-regional trade.
- Successful example of Public-Private-Partnership (PPP) Model between Customs and the Chambers of Commerce Worldwide.
- Administered worldwide by the International Road Transport Union (IRU).
